Sustainable tourism

As adventure and wilderness travel experts who run trips to some of the most remote parts of the world, we take responsible tourism very seriously.

Here in Finland we work in partnership with Metsähallitus to protect Finnish waters and forests - an exclusive agreement which enables us to use the roads of Hossa National Park. Our kennel is cleaned daily and subject to regular veterinary and we work with MyClimate to offset all carbon emissions produced by snowmobiling activities and transfers.

We respect the 'Leave No Trace' outdoor ethical code and try to explore this beautiful location whilst causing minimal environmental damage.

The Leave No Trace policy can be summarized in 7 simple steps which we hope you will follow during our trip...

1. Be prepared

2. Stick to trails and camp overnight right
3. Stash your trash and pick up waste
4. Leave it as you find it
5. Be careful with fire
6. Respect wildlife
7. Be considerate of other visitors

Over the years we have built up good relations with our local suppliers and we are keen to support local businesses as much as possible. We are a small company and we pay our local partners and suppliers directly insuring fair rates. Our small group sizes not only provide a more intimate adventure but also cause less impact on the environment and local communities.

We expect all who travel with us to support and uphold our Sustainable Tourism philosophies.
