It clearly distinguishes several reindeers, Lappish characters, or even a bear. These paintings are an important historical element for Finland, they are also one of the reasons for the creation of Hossa Park, and the mural is the northernmost of the country. Our picnic lunch is a hot meal in a traditional "Sami" (Lappish people) kota. ### Staff

Activities supervised by arctic specialist and English speaking guides. Ask for the availability of a guide who can speak your own language!

### Food

Finland is not a land of gastronomy, even though some specialties are delicious! Because of weather conditions and our isolated location, fresh products are quite rare. During your stay we will offer you simple dishes which will fit your energetic needs. You will also have the opportunity to taste some Finnish specialties such as marinated or grilled salmon, salmon soup, reindeer stew or traditional cakes. A generous buffet breakfast will be served at the hotel restaurant, as well as dinners when you sleep at the hotel.

For the activity days :

- For lunch, you will enjoy a picnic with wood-fire grilled food
- For your nights in trapper cabin you will prepare and share a dinner together with your guide

### Accommodation

Our basecamp is located in the heart of Hossa Park, 100km away from any village or shop. Our conception of tourism has nothing to do with mass tourism hubs like Rovaniemi, Ivalo or Kittilä. No Santa Claus Village with us! There are 23 inhabitants around Hossa and most of them are reindeer farmers. Indeed, there are more bears living up there than inhabitants! We are living there in autonomy and are working in deep cooperation with the National Forest Service which runs Hossa Park development. During your stay, you will not have many opportunities to meet local people since there are very few of them. You might meet some ice fishers or Nordic skiers.

During your stay, you will be accommodated for 5 nights in our hotel or cottages and for 2 nights in a trapper cabin:

- Cottages : All rooms are equipped with a private bathroom with shower, practical storage units, a T.V with international channels and a private sauna. Bed linens and towels are provided by Norwide. Nearby your room, you have free access to our sauna. After an energetic sport day, you will enjoy relaxing in this wooden piece of peace !

- Here is another accommodation option: the cottages (on request, subject to availability) :

- The « Classical » cottage, with an only room with living room/kitchen, twin or bunked beds, private bathroom and sauna

Bed linens and towels are provided by Norwide.

Trapper cabins:

These are log cabins just like mountain refuges. The comfort is basic. These accommodations consist of a single dormitory or a room for 4 to 6 people with one main living room. There is no running water or electricity. The room is heated by a wood-stove. Despite cold weather outside, the room is quickly warmed up by the stove and we easily get to fine temperatures inside. There are dry toilets outside. The cabins are all equipped with a traditional sauna. They are full of charm and that's why we love them!

### Transportation

- **4 back-country skiing days :**

During a first immersion day, you will become more familiar with the discipline and learn the basics. After this necessary introduction, you will leave for 3 days in the heart of Hossa Park, for a wild cocktail of sport, adventic and arctic discoveries. For more comfort , you carry only your daily equipment whereas all the necessary equipment for evenings and nights (food, sleeping bags , etc. ) is supplied by us every evening. 4 to 6 hours of back-country skiing per day with very low elevations. Group size: Up to 6 persons

- **1 skijoring day :**

Up on your cross-country or back-country skis, you are attached to a sled dog by a lanyard and harness. Let yourself slide on the frozen vastness of Hossa park lakes. A mode of travel quite original that will appeal to your skiing and dog training talents! Group

size: Up to 6 persons

**- 1 free day, multiple-choice about the activity/form of travel:**

During the week, one day without any activity is planned. This is the opportunity for you to discover a new form of travel/activity like dogsledding, snowmobiling, or snowshoeing (subject to availability, on site). This is also the opportunity for you to rest and relax and enjoying sauna before being back to reality !

- Waterproof shoes, winter hiking shoes, sports shoes or snow boots (for evening wear)
- Woolen socks
- Warm winter jacket (ski jacket or down jacket)
