There are 23 inhabitants in and around Hossa, most of them are reindeer farmers and yes, there are more bears here than people! We live here peacefully and we work closely with authorities to protect and preserve this stunning National Park. - Any additional activities/supplements

### Supplied equipment

We will provide you with all technical equipment needed. We will supply you with the following for the duration of your trip:

- Bedding and towels
  - we recommend bringing a small additional towel to use in the sauna
- An ultra-light 2 man tent
- A light thermal sleeping mat

- Cooking equipment including plastic dishes & a stove

### Vital equipment

You must bring with you:

- A sleeping bag liner
- Sturdy walking boots
- Sunglasses (minimum UV 400)
- Sun cream
- Any personal medication
- A headtorch with spare batteries (from August)
- A suitable water bottle/flask (min 1L)

## Material

---

We prefer that you do not wear any cotton clothing, including underwear, when participating in activities. When cotton gets wet from water or sweat it ceases to insulate and it does not dry fast. The best materials for outdoor activities are fast drying materials like polyester or materials which are warm when wet like wool. The most powerful materials against the wind and rain are 'breathable' materials like Gore-Tex or Nikwax.

## Our advice for keeping warm

Winter in Finland can be very cold, please think carefully about what clothes you bring, although we will provide warm outer layers, the layers you wear next to your skin make the biggest difference. We recommend:

- No cotton
- Bring dry spares of everything, including underwear and gloves
- Wear multiple layers including:
  1. A warm breathable base layer
  2. A second thermal layer
  3. Wind and waterproof protective out layer (we provide a quality jacket and over trousers for activities)

## Helpful equipment

---

We recommend packing:

- A pair of rubber boots or water shoes for river crossings
- Wool socks
- A wind and waterproof jacket with a hood
- A warm jacket
- Warm fleece/jumper
- Suitable underwear and thermals
- Waterproof trousers
- A swimsuit
- Suitable t-shirts, trousers & shorts
- A hat or cap
- A towel for the sauna
- Appropriate pyjamas
- A pair of gloves
- Slippers or comfortable shoes for in the cottage/hostel
- Bug spray/mosquito net

You may also consider packing:

- Wetwipes
- Blister plasters
- A camera (and suitable protective case)
- Plastic bags for wet/dirty clothing
- A knife
- Toilet paper + lighter
- A Notepad and pencil

## Luggage

---

You may bring a hold bag (up to 20kg) as well as a cabin bag.

For you hold luggage please bring a soft bag like a ruckack rather than a hard cased suitcase because it is more practical. We also recommend that you pack your clothes in plastic bags inside your rucksack so that they stay dry in the event of bad weather.

Do not forget to bring a small rucksack to use as a day bag (25/30L). You can bring this as hand luggage on the plane. You will carry your lunch, water, spare layers and any personal medication with you each day in this bag.

## Medicine

---

Your guide is trained first aider and will carry a full appropriate first aid kit. We recommend that you bring with you a small first aid kit as well as any medication you may need with you such as inhalers, plasters and painkillers.

A valid European Health Insurance Card (EHIC) will insure that you can access state-provided healthcare for free or at a reduced cost.

## Passport

---

You will need a passport that is valid for at least three months after your return date.

## Visa

---

UK passport holders do not require a VISA to visit Finland which part of the Schengen cooperation.

The Ministry for Foreign Affairs of Finland lists the accepted travel documents and visa requirements for every country.

## Mandatory vaccines

---

There are no specific health risks

## Weather

## Electricity

---

Finland uses the standard Europlug socket with two round prongs (50Hz/230 volts)

## Local time

---

Finland uses Greenwich Mean Time (GMT)+2 and observes Daylight Saving Time making it GMT+3 during the summer months

## Topography

## Sustainable tourism

---

As adventure and wilderness travel experts who run trips to some of the most remote parts of the world, we take responsible

tourism very seriously.

Here in Finland we work in partnership with Metsähallitus to protect Finnish waters and forests - an exclusive agreement which enables us to use the roads of Hossa National Park. Our kennel is cleaned daily and subject to regular veterinary and we work with MyClimate to offset all carbon emissions produced by snowmobiling activities and transfers.

We respect the 'Leave No Trace' outdoor ethical code and try to explore this beautiful location whilst causing minimal environmental damage.

The Leave No Trace policy can be summarized in 7 simple steps which we hope you will follow during our trip...

1. Be prepared
2. Stick to trails and camp overnight right
3. Stash your trash and pick up waste
4. Leave it as you find it
5. Be careful with fire
6. Respect wildlife
7. Be considerate of other visitors

Over the years we have built up good relations with our local suppliers and we are keen to support local businesses as much as possible. We are a small company and we pay our local partners and suppliers directly insuring fair rates. Our small group sizes not only provide a more intimate adventure but also cause less impact on the environment and local communities.

We expect all who travel with us to support and uphold our Sustainable Tourism philosophies.
